

Questioz Researcher Profile

Michael Cheng

High School: Lower Merion High School

Class: 10th Grade

Research area: History/Environmental Studies

Email ID: michaelcheng18@students.lmsd.org

Facebook Page/Other social media link: Available upon request

Michael Cheng is a high school Sophomore from Pennsylvania.

This is what he has to say about his interest in History and Environmental Studies:

“As my project demonstrates, history is an interdisciplinary field. By studying the past, we learn more than just what happened; we also learn lessons we can apply to the world today. History is really magical in that it gives us the information we need to make the tough policy decisions and compromises that drive our modern world.”

Previous publication or recognition: Finalist, 2016 MIT INSPIRE Competition in the Arts, Humanities, and Social Sciences
